

TRIP ON GULF OF MEXICO

Plans Made for Gathering of Southern Sociological Congress

New Orleans, La., March 27.—A twenty-four hour steamship journey out into the waters of the Gulf of Mexico will be one of the many enjoyable features of the Southern Sociological Congress which will meet in New Orleans on April 12 16. With several hundred prominent men and women from all over the south on board, one of the palatial ships which make the New Orleans port will steam out into the gulf, and for one entire day and night, the sessions of the congress will be held on this ship. The arrangement is said to be one of the most novel ever attempted, and is the result of the efforts of the New Orleansians to make the convention a big success in every way.

Governors and mayors throughout the south are naming delegates to attend the convention, which is to be held for the purpose of discussing social and civic improvements in the southern states, and most especially to outline a campaign for the conservation of health. Delegates from Cuba, Haiti, Mexico, Costa Rica, Guatemala, Nicaragua, Porto Rico, Panama, Canada, Honduras, Peru, and other foreign countries will be in attendance at the congress.

Low railroad rates and special hotel accommodations have been arranged for by the congress. Dr. J. E. McCulloch, general secretary, has established convention headquarters at the St. Charles, New Orleans, for the accommodation of all persons interested in the approaching meeting.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant Relief! "Pape's Diapepsin" ends Your Stomach Trouble Forever

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you ate has fermented into stubborn lumps; head dizzy and aches; belch gases and gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake don't go on and on with a weak, disordered stomach; it's so unnecessary.

NOTICE

Notice is hereby given that the Annual meeting of Stockholders of the St. Bernard Mining Co., Incorporated, will be held in the offices of the company at Earlinton, Ky., at 11 o'clock A. M., Wednesday the 12th day of April 1916, for the transaction of such business as may regularly come before it.

Progress of The Earl-ington Boys' Club

Since the last meeting, held in the Peoples Bank, Tuesday, March 21., it has been quite a busy week for all the boys. Very energetically they set to work, and now they have a nice room, nicely papered and well lighted. In the near future they will install a shower bath system, druggets, tables and other conveniences. All these will be paid for with funds taken from the Club's treasury. But the boys have decided that perhaps it would be possible to get necessary chairs from other sources.

Perhaps those who know of the game "Hot Hand," and have heard that that is the predominating game, think that chairs would be a means of additional torture rather than a luxury.

The boys admit this is true as to those coming directly from the game but they also beg that the citizens of Earlinton remember that not all the boys indulge in this popular game, so chairs become a great necessity to these. Therefore they ask that any one having an old chair, not greatly needed, will inform some of the boys of the fact and they will greatly appreciate the favor.

Tuesday evening, March 28, they will hold their next business meeting. Affairs of great importance will be considered at this meeting.

The club is always desirous of procuring new members and anyone desiring to become a member should give his name to some of the charter members.

He will then, if approved, be admitted by a vote of the club.

New Club Is Organized

Some of Earlinton's Young Society people have organized the "Pi Delta Sigma" Sorority. This club will meet Friday evenings at the home of some of the members. The officers and members are as follows: Misses Sarah Crutchfield, Pres., Lena Davis, Vice Pres., Anna West, Gladys Whitford, Hattie Polk Crenshaw, Laura Parker, Gladys Walker, Aileen Fox and Jane Foard.

A COAXER

The latest American church device for "raising the wind" is what a religious paper describes as "some collection box." The inventor hails from Oklahoma. If a member of the congregation drops in a 25-cent piece or a coin of larger value, there is silence. If it is a 10-cent piece a bell rings, a 5 cent piece sounds a whistle, and a cent fires a blank cartridge. If any one pretends to be asleep when the box passes, it awakens him with a watchman's rattle, and a kodak takes his portrait.—London Christian World.

With a salary of \$670,000 a year, Charley Chaplin is a living example of the fact that even a fool strikes it rich once in awhile.

THOSE THAT HAVE-GET BY A. T. WESTON

CRITTENDEN FISCAL COURT IS INDICTED

Let Contract Then Appoint Themselves Supervisors, Is Charged

Marion, Ky., March 26.—The grand jury at the present term of the Crittenden County Circuit Court indicted the Fiscal Court of the County for "being interested and concerned in contracts for work to be done and teams to be furnished for said county in work on the public roads and highways of said county."

The indictment was returned under section 1,844 of the Kentucky Statutes making the fine for said offense from \$500 to \$5,000. The indictment was based upon an order made by the Fiscal Court whereby it purchased eight road graders for the county, one for each magisterial, district, and allowed \$400 to be expended on the roads in each district and then appointed themselves as supervisors of said road, grading in their respective districts at a salary of \$2 per day.

The members of the court are: F. M. Davidson, H. S. Wheeler, T. A. Yandell, L. N. Sisco, Charles T. Riley, W. T. Terry, C. B. Woody and C. C. Walker.

Informal Dance

An informal dance was given Friday night at the home of Mr. and Mrs. Ernest Brinkley in honor of Misses Connie and Katharine Fenwick. Delightful music was furnished by Blakemore's Band of Hopkinsville. Those present were: Misses Cammye and Aileen Fox, Ethel Oldham, Mary and Laura Parker, Jane Foard, Connie and Katharine Fenwick; Messrs Brick Southworth, Omer Wyatt, Homer Hurley, Jas. Maloney, Robert Featherston, Marvin Mitchell, Arthur Vinson and Bob Ewing. The dance was a decided success and greatly enjoyed by all present.

VICTORIA LODGE DOING FINE WORK

Victoria Lodge No. 84, K. of P., is going some in the last month. There has been twenty-two additions to this lodge and great interest is being manifested. Rank work is being put on at each meeting, both the rank of Page and Esquire was conferred last night with a good membership present. Next Monday night the rank of Knight will be conferred in the amplified form. An excellent degree team is now ready for this work and will reflect much credit to the Lodge. Every member should be present.

Ex-Confederates

Madisonville Camp, No. 528, U. C. V., will hold its annual meeting at the City Hall, Monday, April 3, promptly at 10:00 o'clock A. M. Election of Officers for the ensuing year, also for the transaction of any business that may come before the Camp. Our trip to Birmingham, also the bill now before Congress pensioning all Confederates and their Widows will be open for discussion. This is a question that all Veterans should feel deeply interested in, and hope that every Veteran in Hopkins County will be with us on that day.

"Some Hike"

Last Saturday morning the "Idly Club" chaperoned by Miss Geneva Huffaker, left town at nine o'clock for a "Goose and Fox" chase. The geese consisted of the following girls: Misses Thelma West, Dorothy Corbitt, Cathrine Blondin, Fannie Fugate and Mae Lillian Fish.

About one half hour later the Foxes left on their trail. These girls were the members of the "Pi Delta Sigma" Club: Misses Lena Davis, Gladys Whitford, Gladys Walker, Hattie Polk Orenshaw, Jane Foard, Anna West, Aileen Fox. They were chaperoned by Miss Freida Heller and their club advisor Miss Elizabeth Long.

The Foxes trailed the Geese by paper that had been thrown along the way. After about a five mile walk the geese were caught in the park of the beautiful "Loch Mary" where a "hunk" feast was enjoyed by all.

Altho' the day was dark and gloomy it was made bright by the merriment of the "gang."

The one feature of the trip was the crossing of the creek by this daring bunch.

The trip was such a "slushy" success that the girls tell us that they are going to try it again.

"Lots of girls are not acrobats As is plainly to be seen.

But, at crossing pipes like cats Believe me, they are keen."

New School Laws

The new school laws are, as far as we can learn, about as follows: To re-codify the common school laws.

To exempt one dog to the head of each family from taxation.

To appropriate \$5,000 annually for two years for the Illiteracy Commission.

To take the school census only every two years.

To compel all graded schools to carry a four-year high school course or pay tuition.

To amend the State Text Book adoption law, so that not more than three books can be changed in any one year.

IT IS BAD

When you walk along the street and see the gutters strewn with refuse, it looks bad.

When you see empty bottles decorating the dark corners, that looks bad—and suspicious.

When you see papers blowing around over town it indicates that people are thoughtless and careless. It is bad.

When you see broken glass around under foot it is pure negligence, and is both bad and dangerous.

When you see kitchen garbage dumped into the back yard or tossed over the fence, it looks bad and smells worse.

When you see vacant property littered with debris of every nature, it, too, looks bad—its offensive to the mind as well as to the eye.

When you see a back yard littered with the accumulations of months and of years, it looks worse than bad.

When you see a front yard down at the heels and going to seed, you wonder—but, then, we'll let you finish the sentence.

Just how bad are we, anyway?

Simplicity, they say, is to be the mode in feminine wearing apparel this summer. Such, too, was the case in the days of Mother Eve.

WETS BAT 1,000 IN BACK DOOR LEAGUE

"Welcome" Hung On Rear Of Newport "Booze" Emporiums.

Oovington, Ky., March 26.—Thirsty residents of Kenton and Campbell counties, including their neighbors from the Ohio side of the river, batted 1,000 in the "Back Door League," today.

Newport was the only oasis in this section of the country, and while blinds were drawn in the fronts of saloons, the rear entrance displayed the welcome sign and tonight many a well-beaten path from the back end of as many saloons are mute evidence to the fact that Kenton County wets defied the Sunday law once more and "got away with it."

Campbell County was dry today. The dry workers did not carry out their program announced last Sunday, when they said that their attention would be devoted to the Kenton County folks today.

No reason for the hitch is but it is plain to see that there has been one.

Foes of the demon rum, however, tonight predicted an early death for their enemy, which all remains to be seen.

DONT SCOLD MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look at tongue! If coated, clean little stomach, liver, bowels

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "fussies" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Co." Hand back with contempt any other fig syrup.

Auction Whist Club

Mrs. C. B. Johnson entertained the Auction Whist Club on last Friday afternoon. Mesdames Chas. Trahern and David Cowell played with the Club. Mrs. McCrone, of Denver, Col., was also an attractive guest. Mrs. Ross made the highest score with Mrs. Nisbet as a close second. Mesdames Rule, Johnson, Kline and Ross lead in the total score.

HOW MRS. BEAN MET THE CRISIS

Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—"When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell every one how I was cured. If this letter will help others you are welcome to use it."

—Mrs. E. H. BEAN, 525 Joseph Avenue, Nashville, Tenn.

He Paid a King's Ransom For This Health Recipe

In the April Woman's Home Companion a writer gives a health recipe for which one of his friends paid a King's ransom, visited foreign spas and consulted the best specialists. The bulk of their advice was boiled down to the following simple rule: come home at night and take a bath and go to bed half an hour before dinner. "To rush home from the office and sit down to the heavy meal of the day with the blood still massed in the head," says the writer, "is, I am sure, one of the contributing causes to many breakdowns."

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. Crankiness, nervousness and general upset condition preceding the blues usually are due to the relentless grip of constipation on the nervous system. The simplest way to meet this condition is to have a box of Rexall Orderlies in your pocket and the best way is to take one when you feel the attack coming on. A Card to Owners of Rural Telephone Lines

We are anxious to see that all lines owned by other parties and connected with us are kept in such condition as to furnish efficient service. Where the owners of rural lines are responsible for their upkeep, we want to co-operate with them.

All lines require a thorough overhauling occasionally if the best service is to be obtained. We recommend that every line connected with us be overhauled at least once a year, and that at least one experienced telephone man assist in this work. The cost of this work when divided among all the patrons of the line, makes the amount paid by each man small, and this cost will be more than offset by the improved service.

If the owners of rural telephone lines in this section are experiencing trouble with their service, we will appreciate their talking the matter over with our Manager or writing us fully. We will gladly do what we can toward helping you improve the condition of your line.

WAR DEPARTMENT AT LAST MAKING A START

Washington—Brigadier General William Crozier, Chief of Ordnance, United States Army, admits that very large orders must be given to the private munition factories of the country if the United States should be compelled to go to war. He says that the United States should be compelled to go to war. He says that the Rock Island arsenal is loaded up with orders which it will require two years to fill. Not only will a large number of guns, of small and heavy calibre, be required, but the present deficiency in ammunition must be made up immediately. He calls attention to the fact that orders for the rifles with the new Remington Arms Company plant at Bridgeport received were written on the books a year ago last November and that the first rifle has not yet been delivered.

For assorted sizes of guns up to six-inch, General Crozier says that the government, with the aid of private manufacturers, can turn out about 50,000 rounds of ammunition a day by the summer. The Government itself, however, would be able to manufacture only about 1,500 rounds a day, which would mean that the private manufacturers would be called upon for 48,500 rounds per day.

At the present time, owing to demands from Allies, nearly five million cartridges a day are being manufactured in private plants. The American Government at its various arsenals, is manufacturing only about 275,000 rounds a day.

The present plans of the War Department call for four machine guns per regiment of infantry or cavalry. Recently, the plans have been revised to call for five machine guns per regiment. At the beginning of the European war, the Germans are said to have had sixteen per regiment.

What We Propose

That we may be fully understood at the very outset—let us state that our purpose in opening this Special Store is for Specializing on certain lines exclusively and at certain low prices that will mean profit to both us and our patrons.

We are not philanthopists, neither do we propose to gain business at the expense of another. But what we put in print we put in action.

WHAT we claim is always lived up to. Not merely to the spirit of it but to the letter as well.

Our Reasons For This Specialty Store

FIRST Because we believe there is room in Earlington for this kind of a store.

SECOND We believe there is actually a need and a need almost approaching a demand for this kind of a store.

THIRD After careful study of the Retail Business and the wants of the buying Public of Earlington and community. A specialty store such as we propose to have will meet the requirements of every woman, man, boy and girl from the least to the greatest.

THE DAY has come when Specialty stores for certain lines and at certain one low prices are in demand. Preparedness to meet the demands of the people in all walks of life is now being made and we propose to be prepared to serve the people in a merchandise way as they have never been served heretofore.

Doing business with a store of this kind, with but little overhead expense, selling goods on a small percent of profit. With no loss for BAD ACCOUNTS, it won't take a brilliant mind to see that such a store can and will be a saving to the People that Buy Goods.

We propose to treat you just as you would have us treat you under the same and every circumstances.

Now, What We Want You to Do

If you are in the habit of dividing your business with the different merchants of the city and county, we ask you to give us at least a part if not all in our specialty line.

If you are in the habit of buying goods out of town, give the home man, the specialty store, a chance to serve you.

If you or your Club are in the habit of buying your wants from mail order houses, you yourself can bring your club list, see our manager and give us a chance at your purchases. We will meet their prices on the same terms considering the same quality, and we are sure you would prefer spending your money at home, where you will again get at least a portion of it back, if you could get the same prices the same articles and on the same terms.

Give us a chance. Give us a portion of your trade for 30 days, and if you are not absolutely satisfied, come back to us and we will satisfy you.
